Light energy passes through the epidermis layer and reaches the dermis section of the skin

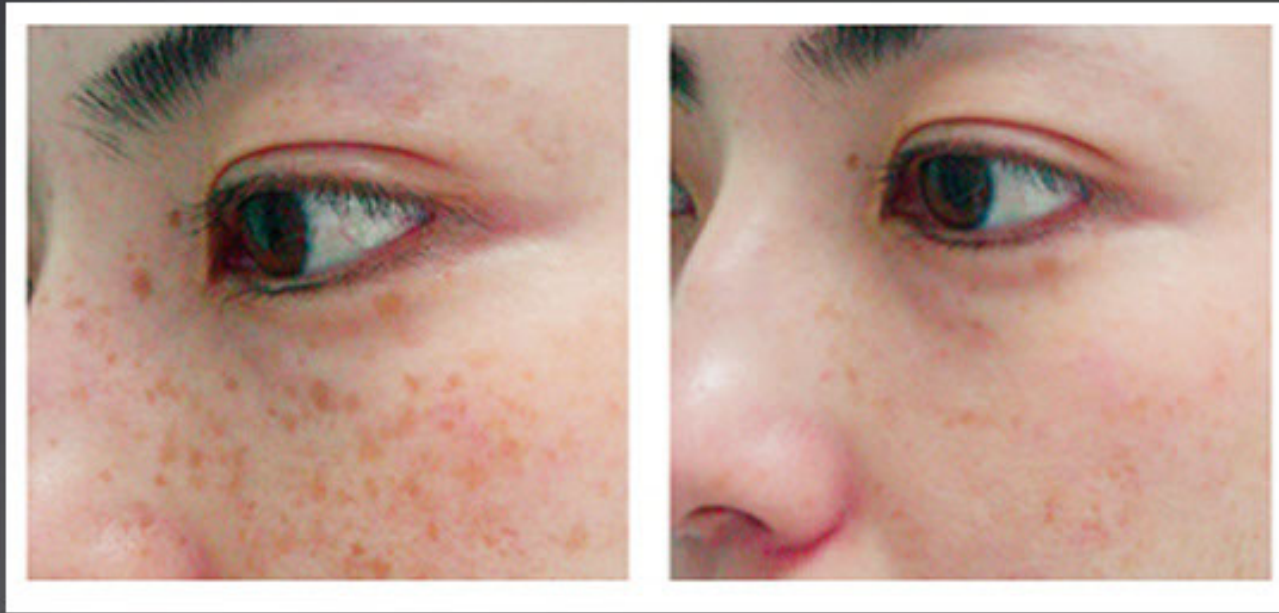

Spa Lite triggers elastin & collagen production,  
thus fine lines and wrinkles are drastically reduced

The increase in fibroblasts causes the skin to firm up, creating an uplifting effect

Spa Lite is the most effective method **in removing pigmentation and aged spots on top of firming & lifting.**

Spa Lite reduces excessive oil secretion  
By controlling oil secretion, Acne condition will  
improve with repeated Spa Lite treatment

- Spa Lite helps to prevent excessive melanin build up by constantly breaking them down.
- This will bring about a brighter skin tone..

After a series of  
Spa Lite session,  
your face will be  
toned, pigmentation  
free & sparkingly  
beautiful.
